

Lyme Recreation Soccer Baseline Practice Schedule 2016

The following is the currently planned schedule for Lyme Recreation Soccer Practices for 2016. Please note that these times/days may change if other conflicts arise or the needs of the teams/coaches change. For the older teams, practice schedules will also change based on both their game schedule and games scheduled on their practice field. In general, for teams in grades three and higher there will be less practice days once games begin so as not to overload the players. Each team's coaches will communicate regarding the practice schedule and changes during the season after registration is complete.

Unless you receive a note from your team's coach, practices will begin after Labor Day.

In general, the teams practice at the following times and places:

- K-Soccer: Saturday, 9:00am at the Lyme School
